

VENTEGRASM ANNOUNCES FIRST PHARMACEUTICAL REBATE FILINGS TO CLIENTS; ENHANCED WEBSITE LAUNCHED

LA JOLLA, CA, September 27, 2006 – Ventegra,sm focused on the delivery of pharmaceutical services that make paramount both transparency and flexibility, today announced they have submitted their first Robo-Rebatesm generated rebate filings to clients. Ventegra also announces its revamped website, which was redesigned to better meet the needs of its customers by providing greater clarity around Ventegra information, access to Ventegra formularies, and a means for secure data interchange, www.ventegra.net.

Ventegra's Robo-Rebate is a web-based pharmaceutical rebate management application and service that provides fully disclosed true transparency and removes much of the mystery surrounding pharmaceutical discounts and rebates

Ventegrasm is the first Contracting Service Organization (CSO), offering an innovative solution for cost efficient pharmaceutical services that maximizes the benefits for payors, providers, and patients and offers them a new, transparent channel that provides a new level of granularity and certainty around utilization.

Ventegra's President and CEO Robert Taketomo, Pharm.D, MBA, says, "The reception to our business model by payors and the pharmaceutical industry has been phenomenal since we launched early last year. I believe that people are beginning to understand the nuances of our approach to transparency that provides important protection for payors and pharmaceutical companies contracting with Ventegra."

Reflecting on the significant growth, success, and opportunity milestones achieved during this second year of business, Taketomo says, "Ventegra has evolved into a technically superior organization. We continue to grow our team, which now consists of five pharmacists and a nationwide corps of veteran pharmaceutical industry professionals."

Taketomo announces the latest additions to the Ventegra team: Ned Callahan, Pharm.D, general manager, Distribution Services, and Ventegra's newest division, RxLogistix; Paula Townsend, Pharm.D, director, Clinical Programs; Sheila Lee, RPhT, manager, Clinical Programs; Laurie Maruyama, BA, RPhT, director, Client Implementation, and Sara Aguilera, RPhT, manager, Strategic Programs.

ABOUT VENTEGRASM

Ventegrasm is the first Contracting Service Organization (CSO), offering an innovative solution for cost efficient pharmaceutical services that maximizes the benefits for payors, providers, and patients. Ventegra enables clients to manage their own pharmacy benefit program by offering an a la carte menu of services and programs from which to choose. Innovative programs offered include obtaining pharmaceutical products at true acquisition cost, delivery programs that address the challenge with injectable pharmaceuticals, and a web-based rebate system that allows full transparency. www.ventegra.NET.
